

Literacy:

In Literacy our key texts will be Superhero Hotel and Eliot Jones: Superhero. Using these texts as starting points, we will be doing extended writing, focusing on including all the writing features that we have covered in Year 2. We will also be doing some instructional writing as well as looking at Haiku poems and trying to write some of our own.

Maths:

In Maths we will continue developing our skills in multiplication and division, using our knowledge of the 2, 5 and 10 times tables to solve calculations and problems quickly and efficiently. We will extend our skills in telling the time on an analogue clock to the nearest quarter of an hour and will be solving problems involving both time and capacity.

Geography:

In Geography, we will consider how we are going to carry out fieldwork to explore micro-habitats in our environment. We will conduct fieldwork both on the school grounds and at the beach during our trip on **MONDAY 6th JULY** in the morning.

Year 2 – Summer 2nd What Makes a Superhero?

Science: Animals, including Humans

Children will learn that animals, including humans, have offspring which grow into adults. They will find out about and describe the basic needs of animals for survival and be able to describe the importance for humans of exercise, hygiene and a healthy, varied diet.

Art: Sculpture

Children will learn how to use a variety of clay tools and techniques to make imprints and create texture in clay. They will learn how to combine these skills to make their own textured clay tile, finishing it off by glazing it to make a painted effect.

PSHE:

Our Changing Me unit looks at how life cycles and how humans change from babies to adults. We identify differences between boys' and girls' bodies – more information about what we cover in this will be coming home soon.

DT: Cooking and Nutrition

We will explore a range of existing pizza products and consider healthy choices for pizza toppings. Children will revisit the bridge cut and learn how to grate and spread so they can make choices of how to prepare and add ingredients on their pitta pizza design. Then we'll enjoy eating them!
