

## Making an “All About Me” Poster

Dear Parents/Carers,

We would love you and your child to take part in the Summer holiday task of making an “All About Me” poster. We use this in the first 1/2 of the Autumn term to help children share information about themselves with their new friends and the adults. We find it a valuable experience as children show pride in sharing their memories and can make connections with others. For this task just collect photographs, drawings and quotes which display your child’s interests at home.

### Ideas

- Who I am, my name/things I like/am good at
- Memories/happy occasions
- Home, places, days out, holidays and journeys
- Family and friends
- Wishes and dreams
- Some images
